

Emergency Preparedness: Product Suggestions for Senior Living

During these uncertain times, we understand the need for you to develop a contingency menu that addresses the staffing shortages, delivery interruptions, facility lockdowns and other unpredictable events that might occur in the coming weeks. In response, Maple Leaf Foodservice has prepared a list of products that are ideally suited for these circumstances.

The following products are:

- Fully cooked - heat and serve, or serve cold, skilled labour not required
- Can be used in multiple menu applications
- Senior-friendly: traditional in appeal, easy to cut and chew
- Healthcare-friendly: controlled sodium, suitable protein content (most >13g per 60g portion)
- Can be quickly modified to be suitable for texture modified diets

Deli Meats: *Gluten-free and sliced for convenience*
